SUPERIORS & PRINCIPALS MEET

The leadership in any field is not a velvet walk, especially in the religious communities. The uniqueness and uniformity create issues, concerns and problems in religious communities. Addressing the matters before it becomes a turmoil is the best solution. Keeping this as the main view the province has arranged a two day long seminar for the local superiors and principals both in province and region. 29 leading members of the communities began their seminar under the guidance of Rev. Sr. Mercy Mathew the Provincial Superior in the Provincialate Gunadala Vijayawada.

The main goal of the leader is to serve. They share power puts the needs of the members first and helps people develop and perform as highly as possible.

The leader takes the risk, whether you win or loose. The leader is always a leader, because the winner leads, the loser guides.
